ABOUT ATL COLLECTIVE

ATL Collective empowers Atlanta musicians by fostering generative connections within the music community and provides resources to sustain musical careers. We seek to build an ecosystem that celebrates the cultural vibrancy of Atlanta and connects musicians with wider audiences.

Since 2009, the Collective has reimagined more than 75 timeless albums to connect local musicians with a broad audience of music enthusiasts and built a significant connection hub for Atlanta's music ecosystem. In 2021, we launched Camp Collective, a series of songwriting sessions which spur local music business and create building blocks for sustainable music careers. Your ticket to tonight's show funds ATL Collective's broader nonprofit mission of growing the stage for Atlanta's music community, accomplished through programs like the Camp, the Preservation Series' live performances, and the With The Band crisis relief fund.
